

Calum, General Practitioner

Larking Gowen have been the Practice's Accountants for a considerable time. The partnership has benefited from a highly personalised level of service from Mr Andrew Burwood of Larking Gowen with direct access for advice - a rarity today. He has an excellent team to support him who develop a clear understanding of our business and its idiosyncrasies.

The responses are rapid helping the practice and its partners to navigate the increasingly difficult mine field of running a NHS GP Practice and a NHS Pharmacy. Accounts are well presented and delivered personally in a formal meeting to discuss performance and to target areas that may be improved along with metrics to allow comparison with other practices using anonymous data.

There is excellent resources in the firm for other businesses. Probably not the cheapest accountants available but possibly the best.

Frances, Practice Manager

Preparation of annual accounts and tax returns for partnership. Any accounting and partnership queries. Always helpful and responsive.

Alisdair, GP Partner

Have worked with Andrew Burwood at LG for a number of years. Professional, efficient and personable - I would highly recommend him.

Ayesha, GP Partner

Excellent service over the years, always very helpful especially Andrew Burwood and Lizzy. Timely response for all queries. Thank you for all your brilliant accountancy services.

Elizabeth, GP Partner

Larking Gowen prepare our practice accounts and also those of our hybrid pharmacy. They are always efficient and thorough. They are always quick to respond to queries and also provided much needed support when we were without a financial manager for a few months. They provided invaluable support and advice for our new financial manager. They were most helpful and gave us sound advice when appointing a new partner.

Lisa, GP Partner

Andrew Burwood is extremely knowledgeable in our area of GP partnerships and the NHS. He provides total support and guidance to our practice and I could only highly recommend him.

James, GP Partner

Andrew has a really collaborative approach, and has an understanding of what its like to start out in a profession, with its uncertainties and risks. He helps me manage my business and personal accounts with a professional, friendly and caring manner.

Dr Agnieszka, GP Partner

I want to mention that the whole Larking Gowen team is just incredible!

I mainly contacted Jamie Butcher and I was really impressed with her knowledge and very kind and friendly approach.

Jamie also managed to submit my Type 2 certificates before the deadline, so I am very pleased!

I will highly recommend Larking Gowen to my GP friends and colleagues, if they need any help in the future.

Faye, GP

I have been so impressed with Larking Gowen. Throughout my medical career, I have never found a more responsive, helpful accounting team. I have worked closely with Emily Griffiths, Assistant Manager, who has gently guided me through a myriad of pension and tax queries, with such competence and ease. She has been so quick to respond whenever I have had a query, and is always willing to help. She really has gone above and beyond. I would highly recommend their services.
